REQUEST FOR CERTIFICATE OF CORRECTION  
PURSUANT TO 37 CFR § 1.323

Attention: Certificate of Correction Branch  
Commissioner for Patents

Certificate  
of Correction  
OCT 11 2007

Dear Sir:

Upon reviewing the above-identified patent, Patentee noted a mistake of minor character which should be corrected.

In the Certificate of Correction:

At page 1, line 4, the line:

Accordingly, the Government may have certain rights in this invention.  
should be amended to read:

Accordingly, the Government has certain rights in this invention.

The mistake of minor character was found in the application by Patentee. Our check in the amount of \$100.00 covering the fee set forth in 37 CFR § 1.20(a) is enclosed.

The mistake of minor character now sought to be corrected is an inadvertent error, the correction of which does not involve new matter or require reexamination. The correction is intended to correct the language to be in conformance with the language of 37 C.F.R. § 401.14 which states in pertinent part:

*(f) Contractor Action to Protect the Government's Interest*

*(4) The contractor agrees to include, within the specification of any United States patent applications and any patent issuing thereon covering a subject invention, the following statement, "This invention was made with government support under (identify the contract) awarded by (identify the Federal agency). The government has certain rights in the invention." (emphasis added)*

The correction of the mistake of minor character does not materially affect the scope and meaning of the patent. No new matter has been added.

Transmitted herewith is a proposed Certificate of Correction effecting such amendment. Patentee respectfully solicits the granting of the requested Certificate of Correction.

The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 23/2825, under Docket No. C0875.70021US00. A duplicate copy of this paper is enclosed.
